ERC CHAIRMAN WRITES OF FIVE-MEMBER BOARD

May 3, 1954

Dear Mrs. Lumbard:
In Mrs. Vane's letter which is printed in the April 29th issue of the Sierra Madre NEWS she asks several questions about the Five-Member Board and suggests some purposes of ERC. Thank you for your Editor's note thereto which properly answers that part of the letter.

Mrs. Vane states: "... The prime continuing purpose of the local education research committee, headed by Severin Sorensen as chairman, is to get a secondary school nearer to Sierra Madre, ... but otherwise in the City of Sierra Madre." The local ERC was interested in securing a Junior High School in the Hastings Ranch and to that end did attend some meetings of the Pasadena Board of Education. ERC was hopeful. After the School election the Pasadena Board of Education

decided to use Marshall Junior High School and do nothing NOW with the Hastings Ranch property. ERC has accepted that action.

The letter discusses the assessed valuation necessary to support a secondary school, then asks the question: "What does he (Mr. Sorensen) tell our young parents?" Up until the present he has not had an opportunity, but thanks to Mrs. Vane's letter he would tell the YOUNG PARENTS that Bruce Hawks — Los Angeles County Board of Education — supports the position present assessed valuations could not support such a school. Severin Sorensen is in agreement.

He would also like to tell YOUNG PARENTS to remember CHILDREN SHOULD COME FIRST. Be interested in them. Be interested in the schools. Know what is being taught and what you can do in cooperation with the teachers. Teachers respond to encouragement, even

as you do. Let us work together.

Quoting, "Mr. Sorensen states, a five-member board would afford a broader base of representation." That statement is correct. Again quoting "... I am reliably informed that no difference of opinion regarding the education methods in Sierra Madre are desired or welcomed ..." The discussions within ERC do not support that statement. Since Sierra Madre pupils graduate into the Pasadena Secondary System, the two programs should be integrated. ERC will certainly make every effort to evaluate the problem, harmoniously, and if possible, bring about a happy relationship. Nothing is accomplished by slapping faces. THERE ARE DIFFERENCES OF OPINION. These are encouraged.

ERC invites Mrs. Vane and all others who have constructive ideas to meet in friendly discussion to improve the school situation.

Sincerely yours,
SEVERIN L. SORENSEN,
233 E. Orange Grove Ave.

PASTOR TELLS NEED FOR REPLACING BETHANY'S COBBLESTONE CHURCH

May 3, 1954

Dear Mrs. Lumbard:
I wish to write a few remarks in reply to Mr. Shippey's discussion of Bethany Church in last week's NEWS. I have never met Mr. Shippey, but I am told that he is a man of rare quality and integrity, and I know from the caliber of his writing that he is a fine gentleman. I also appreciate his reading of and recounting the stories from the booklet about the church's construction. I wish to join in Mr. Shippey's distress about the necessity of replacing Bethany church.

May I say, first, that the ones who have felt so keenly the need for expanded facilities are those who are worshipping in Bethany church, who are bearing its financial burdens, teach-

ing its children, and praying for its prosperity. We are faced with the same problem as a growing family in a tiny house. We are distressed about our lack of adequate facilities, yet we cannot be asked to feel sorry about the spiritual growth which has made this expansion necessary. Those who have not only admired the structure but have been in attendance will know the problems presented by a crowded sanctuary and the other complications of a building designed for a congregation about one-half our present size.

Problem Basic One

Basically, therefore, our problem is one of accommodation. We cannot afford to have a building that is merely pleasant for the observance of the passerby, but we need something for the effective service of Christ for this generation. Since we cannot explain the existing building, nor do we have property to wisely build another sanctuary elsewhere, we can find no alternative. I must add that one of the saddest things in the world is an old church left standing unused and deteriorating, and the new church adjoining or nearby.

As a minister may I say that I know that the builder, Mr. Cornuelle, and the faithful ones who labored with him, some of whom are still with us here in Bethany church, were and are, not interested in a monument of stone and mortar. A church is not the building in which it meets, but the consecrated people who serve God through it.

Not Just an Edifice

The many hundreds who have been blessed by the services at Bethany, those who have found Christ at its altar, our missionaries in distant Africa and Japan, the young people now preparing for Christian service both at home and abroad, these are the living memorials to the faith of those who wanted to build not just an edifice of stone, but the Kingdom of Christ.

Again, I say, that I join in

Lee Shippey asks

What Do You Think?

When Lincoln rose to prominence, political debates were in vogue. People liked to hear opposing candidates speak from the same platforms, where each had a chance to reply to any charge made by his opponent. People wished to make up their own minds rather than vote for any slate, and it took something pretty serious to keep them from attending a meeting at which any candidate of importance was to speak.

Today it takes movie stars, free food or drink and a famous personality to get out even a modest crowd to a political rally, and many persons turn their radios or television to something else as soon as a political figure begins to speak. They just can't be bothered. In all probability, if Lincoln were running today he wouldn't get to first base. The feminine vote would mostly go to someone handsome.

Two years ago all the candidates for Congress in this district were invited to present their claims to a public meeting at St. Rita's school. I think we would choose better men,

Mr. Shippey's distress. We at Bethany church are not happy about tearing down a building with the tradition and sentiment that there is around the Cobblestone church. However, we are not motivated by sentiment, but by Christian conviction. We must keep faith with the present, and we must provide for the future. We have sensed the leadership and presence of God in what we have done thus far, and we shall seek the same for the actions ahead.

ROBERT N. SCHAPER,
Pastor.

on the average, if such meetings were held in every town in America. Most people genuinely wish to vote for the best man, not merely for a party label. And it is only by hearing and comparing that they can decide which they believe to be the best man. I can't think of any truer public service than any civic body can render than the arranging of such meetings.

Many people realize that now the majority of major political campaigns are run by public relations, or publicity, counselors. In many cases, they draw up the statements of what candidates stand for, write or outline the speeches, plan the newspaper, radio and television advertising and sometimes even raise campaign funds on a commission basis.

Two years ago I was approached by a Los Angeles firm which was doing business all over the state, some of its clients being Democrats, some Republicans. It hired some college professors of political science to draw up the arguments for candidates, much as lawyers plead for their clients whether they believe in them or not. It would have been quite possible for that firm to represent two candidates of opposing parties who were running against one another. I was shocked but the manager of that firm was so convinced it was good, clean, enterprising business that he accepted a challenge to debate it on television.

LAST WORD: I'm so old fashioned, I want to vote for persons because of what they are, not what some brilliant publicity man makes us think they are.

Local Librarian Capsules Three Book Reviews

By LULU MOORE
Librarian, Public Library

In the biography, *MINUTES OF THE LAST MEETING*, Gene Fowler has given an account of four interesting lives, John Barrymore, W. C. Fields, John Decker and the central figure, Sadakichi Hartmann, a half-Japanese, half-German oddity. These four met in Deckers' Hollywood studio and Fowler has made from their stories and anecdotes an entertaining book.

JOURNEY by Lillian Smith is an encouraging book. Prophets of doom to the contrary, she predicts that this age will not be known as the age of anxiety of the atomic age, but as the age of the mastered ordeal. During a southern journey she learned that people can master almost any ordeal because the resources of the human spirit are inexhaustible.

FORTY PLUS AND FANCY FREE by Emily Kimbrough is an amusing account of her hurried three-week tour of Italy, Paris and London. This grandmother in her forties enlisted three other forty-plus grannies as traveling companions for this holiday.

Other books are: Non-fiction: *Ireland and the Irish*, Duff; *Ben Jonson of Westminster*, Chute; *Shopping Guide to Europe*, Greenberg; *Seven Years in Tibet*, Harrer; *I Live in a Suitcase*, Mackay; *Man's Unconquerable Mind*, Highget; *Loafing Along Death Valley Trails*; Caruthers; *Ambassador's Report*; Bowles; Russian

Amendment to Mutual Act Snips Red Tape

Elimination of at least some of the red tape which thwarted City officials in coping with fire and flood disasters here last winter is assured in Gov. Knight's recent signing of an amendment to the 1941 Mutual Act proposed by Assemblyman Frank Lanterman.

The amendment, now made into law, clarifies for the first time the effectiveness of the act so that local governmental agencies may authorize expenditures from any fund, notwithstanding budget or other limitations, when necessary in carrying out mutual aid functions. The League of California Cities and the California Supervisors association joined Lanterman in support of the legislation. It was recommended by the assemblyman during the Sierra Madre-Arcadia-Monrovia floods following the mountain forest fire when it became evident that aid was delayed by red tape.

The statutory defect corrected by the amendment clarifies Section 53021 of the Government Code and should bring security to every county and city where disaster strikes, Lanterman says.

MILDRED YOUNGER, candidate for State Senator from Los Angeles County, outlines campaign plans with her two co-chairmen, Mrs. Leiland Atherton Irish, who has headed many community projects in the Southland, and Leonard K. Firestone, business, civic and philanthropic leader.

Donations of Worn Bed Sheets Can Be Left at Bethany

Mrs. Dorothy Pagenkopf, 52 W. Laurel, has repeated her request for donations of worn, torn bed sheets which she hopes Sierra Madre housewives will want to dispose of after house-cleaning.

Mrs. Pagenkopf uses the sheets to good purpose, making bandages which she sends to missionaries in various parts of the world. Some of the sheets she cuts down and hems for use as crib sheets and these also go to missionaries for distribution.

Donations of worn sheets may be left for Mrs. Pagenkopf at her home, address above, or at Bethany church where the pastor, Dr. Robert N. Schaper, says they will be received at the church office any week day morning.

News of the Churches

Mother's Day To Be Noted At Redeemer

"Christian homemakers are needed to meet the critical tension in American society." This statement by the Rev. Raynor Smith sets the mood for Mother's Day observances at the Church of Our Redeemer, Methodist. Mr. Smith will stress the importance of Christ-conscious mothers as an indispensable aid in building Christ-centered homes. Speaking on the title, "A Splash of Rainbow," the pastor will pay tribute to those mothers who guide their children into patterns of Christian character by precept and example. Coming at the close of National Family Week, Mother's Day will naturally be an occasion when the entire family will want to honor mother by coming with her to church.

The Woman's Society of Christian Service will meet May 13 Thursday, from 10 a.m. to 1 p.m. The meeting will take place in the church parlor with Mrs. Murray Harris, president, presiding. There will be a planned luncheon at noon. All ladies of the church and their friends are invited to be present.

DINNER MARKS START OF JEWISH WELFARE FUND DRIVE HERE

North San Gabriel Valley division of the United Jewish Welfare Fund formally opened its 1954 drive with an inaugural dinner Tuesday night, May 4, at the Zanzibar cafe, Duarte. Guest speaker was Rabbi Max Nussbaum, spiritual leader of Temple Israel of Hollywood.

The affair officially launched the area's campaign toward its share of the UJWF's \$6,000,000 city-wide effort in support of 177 local, national and overseas relief and welfare institutions, the division's chairman, Clair K. Wolsey, stated.

Ruben Friedman of Sierra Madre is a division vice-chairman as is Norman Levinson of the Men's club of the Foothill Jewish Community Center. Among co-chairmen of the division who assisted in arranging the kick-off affair were Ann Grossman, Mrs. Sam Perloff, Shirley Cohn and Rabbi Charles Steckel.

In 1953, 8600 pedestrians were killed in U. S. traffic accidents. Three out of four traffic accidents happen in clear weather on dry roads.

Sermonette

THE HOUR IS COME!

Raynor Smith

The great hours of life are always moments of crisis. The stature of our character is so often determined by our response to the testing time. Confronted by the plight of man it is all too easy to forget the power of God. In such cases our reactions are directed by our fears instead of our faith. Confronted by the power of God, however, we find it is a mighty force with which to meet reality triumphantly. God being our helper, we refuse to be guilty of cowardice. We transform the present crisis into a moment of victory. We become conquerors in the hour of decision through our clear thinking, great believing and holy habits.

Hour for Clear Thinking

Certainly the hour has come for clear thinking. What we think is important. It is essential to happy living. What we think can break us. Our best selves are often betrayed by our doubts. Our dreams and hopes are often destroyed by our mental confusion and panic. We need to remember the words of Jesus, be not of "doubtful mind." Remembering this, we discover that what we think can make us. When our mind is renewed by right thinking our entire life becomes transformed. We become masters of circumstances when we become masters of our thinking.

Again, it is the hour for great believing. Belief is essential to life. It is the working principle of daily living. What we think is important, but our beliefs determine our thinking. A Christian mind is the outcome of high faith. Also, our beliefs direct our destiny. Our future depends upon us and what we believe about ourselves, the world we live in and the God of the universe. It is inescapably true that belief is a requisite for effective living. It is the key to Christian conduct and the way of eternal life. The words of Jesus are the clue to victory, "all things are possible to him who believes."

—And Holy Habits

Finally, it is the hour for holy habits. Most living is habitual. Christian living, therefore, should become habitual. Even as military training breeds good soldiers, so religious training develops individuals who make their spiritual attitudes their daily custom. Psychologists tell us that crises are de-

First Baptist Hobby Show Set for Friday

There will be a "singspiration" and testimonial meeting at 7:30 p.m. Sunday. The pastor's message will be entitled "Waiting" and Miss Carol Bates will sing a solo, "Blessed Assurance." The film, "Light of the World," life story of Bob Jones, founder of Bob Jones university, will be shown.

TRINITY PASTOR TO ATTEND PRESBYTERY MEETING ON MAY 11

The Rev. Donald H. Ostrander, pastor of Trinity Presbyterian church, and Ruling Elder Jean Woolley of the church will attend the first meeting Tuesday, May 11, of the summer session of the Presbytery of Los Angeles at Angeles Mesa Presbyterian church in Los Angeles.

A highlight of the all-day and dinner meeting will be the induction of the Rev. Edward James Caldwell as moderator for the coming term of six months. The Rev. Mr. Caldwell, pastor of First Presbyterian church, North Hollywood, was elected unanimously at the March meeting of the Presbytery in San Diego.

aid by habits. This means that if we are to make Christian decisions in the testing hour we must make our faith the fixed and holy habits of a lifetime. We need to realize that the holy habits are God's answer to the need of today. They are "the owner's stamp of Jesus" upon our lives, steps to redemption for us and the world, and the weapons of our warfare. Truly the hour has come to crystallize our clear thinking and our great believing into holy habits.

'Adam and Fallen Man' Christian Science Text

"As by one man's disobedience many were made sinners, so by the obedience of one shall many be made righteous." This declaration of Paul to the Romans (5:19) is the golden text of the Christian Science services Sunday.

The lesson-sermon is entitled "Adam and Fallen Man" and points out that as a child of God man is free from the bondage of false material laws. Jesus proved this freedom when he said to the palsied man, "Son, be of good cheer; thy sins be forgiven thee." "But that ye may know that the Son of man hath power on earth to forgive sins," he commanded, "Arise, take up thy bed, and go unto thine house. And he arose, and departed to his house." (Matt. 9:2, 6, 7.)

Mary Baker Eddy writes in "Science and Health with Key to the Scriptures," "When speaking of God's children, not the children of men, Jesus said, 'The kingdom of God is within you'; that is, Truth and Love reign in the real man, showing that man in God's image is unfallen and eternal. Jesus beheld in Science the perfect man, who appeared to him where sinning mortal man appears to mortals." (p. 476).

Patricia Ann Owen Exchanges Vows With Robert Prentice Baldwin May 1

Patricia Ann Owen, daughter of Mr. and Mrs. LeRoy David Owen, 975 Hampton Rd., became the bride of Robert Prentice Baldwin, son of Dr. and Mrs. L. Grant Baldwin of Pasadena, May 1 in St. Rita's church with Rt. Rev. Monsignor Raymond O'Flaherty reading the marriage service.

All shades of pink were used in the church decorations and at the reception held in the bride's parents home.

Nancy Ellen Owen was her sister's maid of honor and the bridesmaids were Mrs. Michael Kaye, the groom's sister, Mrs. Bruce Toole, Miss Joan Dougherty, Miss Sally Marble, Miss Cynthia Barriack, and Miss Robin Redwine.

L. Grant Baldwin III was his brother's best man and the ushers were Robert Jackson, Durwood Howes III, William Armstrong, James Turner Baird Jr., and Karl Von Platen Jr.

The empire waistline was topped by a softly pleated bodice banded with French lace and outlined with seed pearls, iridescent sequins, and bugle beads. The bouffant tulle skirt was fashioned with scalloped tiers edged with bands of French lace.

The dainty patterned bridal veil was purchased by the bride in Venice, Italy, and was attached to a small lace crown. The bridal bouquet was an arrangement of lily of the valley and white phalaenopsis.

All of the bride's attendants were gowned in waltz length, princess style dresses of bouffant camella pink stiffened shantung and they carried pink and garnet shaded carnation bouquets. Pink velvet leaves formed a headband with short face veils attached.

Mrs. Owen wore a topaz pou du soie gown with a matching Tuscan straw hat. Her corsage was fashioned of gold and rust cymbidiums.

The groom's mother wore a silver blue pou du soie dress with a small velvet flowered

hat in shades of rose and lilac. Her flowers were pink toned cymbidiums.

The bride is a graduate of Anokaia school and the University of California at Berkeley where she was a member of Kappa Kappa Gamma sorority. She is one of the new provisional members in the Pasadena Junior League.

Ford's First In Sales

In Southern California and Arizona*

"Official registration figures for the latest nine-month period available show Ford is No. 1 in sales!"

During the period of July 1953 through March 1954, registrations show Ford out-sold every make of car in Southern California and Arizona. And during the first three months of 1954, Ford broke all national and local sales records for this period in its fifty year history, too.

Owners know that when it's time to sell their car, Ford retains more of its original value than similarly priced cars, because Ford is "most wanted" by used car buyers,

according to a recent newspaper study. That's why we can say Ford is worth more when you buy it... when you sell it, too!

Come in and let us show you why Ford is the Sales Leader. Check the local delivered prices and you'll find many Ford models are lowest priced of all the "volume" cars. Test Drive a '54 Ford and you'll want to drive it home. That's easily arranged, too, because you'll like the deal you can make on a new '54 Ford.

*Based upon R. L. Polk registration data for Southern California and Arizona, July '53 through March '54.

Dr. H. P. Robertson Gives Paper on Nature of Universe At Annual Meeting in East

One of Sierra Madre's distinguished residents, Dr. H. P. Robertson, professor of chemical mathematics at California Institute of Technology, delivered a paper recently at the annual meeting of the American Philosophical society in Philadelphia.

A clearer though still inconclusive picture of the nature of the universe is emerging as a result of revision of the cosmic distance scale, Dr. Robertson stated in his paper.

It no longer appears necessary to think of space as finite in order to build a theoretical model of the universe consistent with available data. This does not mean, however, that space is necessarily infinite, he said.

The distance-scale revision brings us closer to a satisfactory solution, but a definitive answer to the question of whether space is finite (i.e., has a limited volume) calls for more information than is now at hand, Professor Robertson added.

Dr. and Mrs. Robertson reside at 490 Auburn Ave. here.

Among his major scientific interests, operational research for U.S. military agencies has demanded much of his attention in recent years. From 1950 to 1952 he was on leave from Caltech to serve as deputy director and research director of the Weapons Systems Evaluation Group of the Department of Defense. His war service brought him the U.S. Medal for Merit in 1946 for "solving complex technical problems in the fields of bomb ballistics, penetrations and patterns and enemy secret weapons." He served with scientific, research and intelligence sections in London, France and the U.S. zone of Germany.

There were 50,000 more persons injured in U. S. motor vehicle accidents last year than in 1952.

George Wetherbee, New Manager of Father's "Club Sixty"

George E. Wetherbee, who returned recently after two years in Palmer, Alaska, near Anchorage, has taken over the management of Club Sixty to relieve his father, Al Wetherbee, who is retiring for health reasons. The senior Wetherbee has been owner and manager of Club Sixty for 11 years.

George Wetherbee and his wife, the former Adele Doty of Sierra Madre, are now making their home at 49 California St., Arcadia. While in Alaska Wetherbee operated a cooperative dairy.

The senior Mr. and Mrs. Wetherbee recently returned from Billings, Mont., where they visited a married daughter.

Cub Scout News

Two new members were welcomed to Cub Pack 371 at the April meeting of the pack in the Congregational church. They are Alexis Boutacoff, Jr., and Peter Fare.

Cubbers received awards as follows: **Den 1**, Perry Rickard, wolf badge and gold arrow; Geoffrey Potter, silver arrow; Bradley Zebal, gold arrow; Garrett Smith, gold arrow; **Den 2**, Terry Barbour, Jon Butler, Robert Wortham, wolf badges, and Eric Dowty, gold arrow; **Den 3**, Craig Reece, gold arrow; Gene Thorne, silver arrow; **Den 4**, Glendon Smith, gold arrow and two silver arrows; Dennis Beeher, two silver arrows; Craig Ericson, wolf badge; Donald Dammeyer, gold arrow.

The next Pack meeting will be May 21. The Pack committee will meet May 12.

The idea committee for June includes Mr. and Mrs. K. D. Dowty, Mr. and Mrs. P. E. Ericson and Mr. and Mrs. J. I. Hansford. The fund-raising committee will present findings and recommendations at the next committee meeting.

"Black Gold" was the subject for the recent Pack meeting and the dens presented large displays depicting various phases of all development, from its origin to its ultimate use. In conclusion a film on the oil industry was shown.

Earlier in the month members of Pack 371 took an extended field trip which included a visit to the Long Beach airport where the boys watched jet planes take off, to the Signal Hill area where they looked at pumping, drilling and refining plants, to an oil company refinery, and then time-out for lunch and an Easter egg hunt at San Pedro park.

Later the group went to the Wilmington fishing dock and had a stem-to-stern tour of a fire boat, then to the Navy Base for a similar tour of a submarine.

Girl Scout News

Troop 20 enjoyed camping last weekend at the Youth Hut. The girls had all the fun of cooking out, and the fun of being away from home, but yet not too far away. It was nice having the cozier concrete floor for sleeping, when the night turned out to be cold and damp. Tuesday (May 4th) the girls, with their leaders, Mrs. William Hippenstiel and Mrs. Olive O'Byrne, had a mother-daughter tea in the parlor of the Congregational Church.

City Accepts Low Bids From 7 Companies on Water Dept. Materials

The low bids of seven of 12 companies who submitted prices on miscellaneous Department materials were accepted at last week's City Council meeting after analysis and recommendations by Water Superintendent Al Freeland and Councilmen Harold F. Roberts and Paul N. Carter.

Cost of the materials for proposed work on Fairview Ave., Ramona between Lima and Park and Ramona between Hermosa and Lima, totals \$6,184.12. Bids accepted were from the Taylor Jett, Crane, Keenan Supply, Valves, Inc., Park-Son, Valley Cities Supply and Smith Blair companies.

In addition, the city administrator was authorized to expend not more than \$1500 for trenching and filling relative to the Water Department work in the above areas.

City's "In Lieu" Tax Share \$35,900 for Fiscal Year 1954-55

SACRAMENTO, May 6—Robert C. Kirkwood, state controller, estimates that Sierra Madre will receive \$35,900, and Los Angeles County \$16,778,200 during the fiscal year 1954-55 as apportionments of motor vehicle license fees ("in lieu" tax). The incorporated cities' share will approximate \$4.61 per capita, and the counties' share, \$3.66. This is a 9.2 per cent increase over the current fiscal year amounting to \$6,600,000, said Kirkwood.

Total motor vehicle license fee ("in lieu" tax) collections for the next fiscal year will approximate \$83,000,000, said Mr. Kirkwood.

Kirkwood pointed out that motor vehicle license fees ("in lieu" taxes) are in reality personal property taxes, which are collected by the State for return to the cities and counties.

The \$6,600,000 estimated increase in city and county apportionments for the fiscal year 1954-55 over the current year follows the pattern of population gain with its related gain in motor vehicle registrations, and the growing number of late model higher priced vehicles registered in California.

BISTRO BANTER

Blonde Ina Ray Hutton whispered to a friend that the only thing holding up the strapless, down-to-see-level gowns she wears is gravity.

"Gravity?" questioned the friend.

"Yes," she replied. "The gravity of what would happen if they fell down!"

EDISON SPEAKER From page one

"the Diamond Jubilee will be climaxed by a two-hour, coast-to-coast television show on Sunday, Oct. 24."

What Future Holds

Turning his attention to the future, Wedberg predicted the perfecting of typewriters which will produce letters a few moments after dictation, washing machines which will wash, dry, iron and stack the clothes and floor lamps without cords or wall outlets. In this same rosy future, he predicted, switches will enable the housewife to preside over her domain from an easy chair, checking progress of the evening meal, eyeing Junior's activities and identifying the person ringing the front door bell, all by television.

The speaker was introduced by Robert H. Green, local Edison company manager, who was program chairman for the day.

Visitors at the luncheon-meeting Tuesday included Frank Roe, Mr. Wedberg, the Rev. Morton S. Kelsey, all of Monrovia and Otis Moon of Des Moines, Iowa.

of enough water resources to meet requirements. This work should be done before next winter." He again recommended that "the City arrange, either by increased rates or by bond issue, to make the proposed improvements at the earliest possible date."

Myers' proposal for expenditures includes replacement of existing mains, construction of new well, replacement of a booster pump, installation of pressure-reducing valves and by-passes, a partial but sufficient automatic pumping control system and a hydro-pneumatic system to serve upper area and equalize storage capacities of entire system, all totaling \$159,026 which he contends can be paid out of government bonds and cash on hand (\$135,000), plus net revenue to June 30, 1954 (\$12,450) and anticipated net revenue to June 30, 1956 (\$104,009), totaling \$251,459, leaving a reserve

Other citizens expressing views and asking questions included a Mr. Brown, 304 N. Baldwin, a P. H. Brown, Arthur Drueger, Mrs. Grace Vane, Miss Jessie Dunning, H. E. Haymaker, L. H. Quackenbush, Bartel, Dan Stright, Mrs. Raymond D. Andrews, Dr. Daniel D'Arcy, and Harold Bartel.

Seated at the speakers' table was Chairman Carter, Montgomery and two assistants, Myers, and Councilmen Roberts and Lorne B. Pratt.

TEAM SHAPING UP

From page one

there are only 17 available right now and two of them not in the best shape!

We're not having a baseball team this year because we found we were too late to enter a league and to get the ball field on the City waterlands into playing condition.

Baseball Next Year?

By this time next year we'll have a team together and our diamond ready. (Don't let Savepost Magazine see that last sentence, they might use it as "Famous Last Words!")

Sure want to express our thanks to all the people that have helped us form this team. This includes the City councilmen for their interest and cooperation, our sponsors, naturally, Ed Woodrich for coaching and managing, Phil Mitchell for helping us get the practice field ready, and all the rest of you fans who "pitched in" one way or another. All we can say is—*"Thanks, thanks a LOT!"*

700 Applaud Poster Contest Winners at School Openhouse

More than 700 mothers, fathers and relatives of Sierra Madre elementary school children attended the school openhouse Friday night which culminated the annual observance here of Public Schools Week sponsored by the Masonic lodge.

High point of the openhouse program in the auditorium was the awarding of prizes in the fifth and sixth grades poster contest. The awards were made by James W. Moore, worshipful master of Masonic Lodge 408, to the following young poster artists:

Poster Awards Made

Fifth grade, Virginia Hippenstiel and Martha Cabrera tied for first; Pat Forster, second, and Judy Crook, third; sixth grade, Linda Rosales, first; Jane

Ware, second, and Diane Del Valle, third.

The program opened with the flag salute led by Carol Bates, Sally Frye and Marie Sorensen, and was followed by Supt. of Schools Charles A. Skutt's welcome. Mrs. Arthur C. Bohart, PTA president, and Dr. Raymond B. Pease, chairman of the Masons' Public Schools Week committee, spoke briefly.

Dr. Pease lauded the "fine spirit and efficiency of our elementary school" and urged continuing public attention to school affairs.

Talk on Elections

Mrs. Stanley Coutant, PTA education chairman, reminded the assemblage of the Pasadena School District bond election on June 8, and Mrs. Foster Buckner of the Educational Re-

search committee, urged a large vote in the coming May 21st school board of trustees election.

Following the program visitors adjourned to the various classrooms to see exhibits of their children's school work and to chat with their teachers. The school's two auxiliary classrooms at the Foothill Jewish Community Center also were open.

A folio representing features of the Public Schools Week observance here is being prepared by Mr. Moore of the Masonic lodge for exhibit at the Masonic Grand lodge meeting in October in San Francisco.
